March 28, 2013

Ron Rubenstein
P.O. Box 315
Moraga, CA 94556

Dear Ron,

I wanted to thank you and your fellow Alumni Advisory Committee members for meeting with the Special Committee to Consider the Selection of a President on March 12th. The Special Committee and I were extremely impressed with your thoughtful comments and recommendations. The dedication, loyalty, and concern of the alumni is truly exceptional. You are all such accomplished individuals who care deeply about UC, and you continue to make us proud to be part of this extraordinary University.

The Special Committee felt that the discussion on strategically utilizing the 1.7 million alumni as partners in advocacy efforts was a very powerful and important objective for UC as we move forward. As you know, the Committee has revised the presidential search criteria in light of the comments and suggestions we received. The final criteria were approved by the Board of Regents on March 14th and can be found on the Regents' website at <http://regents.universityofcalifornia.edu/aar/mars.pdf>.

Secretary and Chief of Staff Marsha Kelman will contact the Alumni Advisory Committee at the conclusion of the search regarding the presentation of the final nominee or nominees. We are committed to hearing the concerns of the alumni and considering them carefully as we proceed. If your fellow alumni have any further comments or nominations, I encourage them to email Marsha, so that she can distribute the information to you, me, and the other Special Committee members.

Please extend my appreciation to your colleagues and thank them again for their thoughtful input on this important search. I look forward to seeing you at our next meeting. Until then, I send you my best wishes.

Sincerely,

Sherry Lansing

cc: Secretary and Chief of Staff Marsha Kelman
