Dear B. of A. Credit Card Folks --

As a formerly loyal, long-time (since 2004) B. of A. MasterCard customer and still-loyal UCSF alumnus, I am disappointed that B. of A. no longer shares its alumni affinity revenue with my school.

I used to use the card gladly, knowing that -- in a small way -- I was helping my school, doing good while doing well.

Now that the affinity program has ended, there is no more motivation for me to use this card.

Thus, I have cut it in half, return it to you with this letter, and request that you close the account (5490-3539-5376-5954).

If in future you resume the affinity program, please let me know and expect me as a happy return customer.

Disappointed,

Dan Keller
CEO, Nurse Tech, Inc.
